Building a Culture for Partnering Program

Delivered in partnership by the Australian Council for Educational Research, Tender Bridge and Schools Connect Australia.

Is this Program right for me?
Do you believe that …
- developing partnerships for student outcomes matters?
- business, philanthropic foundations and trusts, and other individuals and organisations have a role to play in improving outcomes for students?
- school teachers and leaders need to be equipped in how to partner? And how to evaluate success?
- partnering for impact can take many forms?

Do you want …
- sound practical ideas drawn from research and real world cases to put these kinds of visions into practice?
- ongoing access to a resource of education-related funds and support?
- one booklet full of tools, templates and information you need to know about partnering?

What will I be learning about?
- Benefits of partnering
- Overcoming barriers
- Developing partnerships
- Evaluating partnerships
- Available resources

What am I signing up for?
